In my years at GCS, I have taught Preschool, Pre-K, Kindergarten, and served as Assistant and now school Director. I truly believe in the school's philosophy and embrace meeting the need for good early childhood programming that should be available to families and young children. I appreciate the talent and caliber of GCS teaching staff, feel privileged that my children were able to attend, and proud to be part of the GCS community.

I felt "at home" from my very first experience as a GCS parent, and I started teaching at GCS the following year. My daughter is a now teacher on her own, and I am still working where she attended Preschool and Kindergarten! Groton Community School takes its middle name seriously, and I enjoy being a part of a dedicated, loyal, and caring community that continues to impact the lives of so many children and families! Outside of GCS, I enjoy walking, kayaking, Zumba and African drumming.

I have enjoyed being the GCS Registrar for 20 years & counting! My introduction to GCS was in 1991 as a parent. On my daughter's last day of preschool, I left tearfully saying that someday I'd be back...My son and daughter have moved on long ago, but here I am years later! I love spending time with family & friends and especially enjoy my "lake time".

Outside of school, I enjoy photography, traveling, and spending time with friends and family.

Chris Doherty **Kindergarten and Extended Day Assistant Teacher**

BS Early Childhood Education

I am proud to be a part of this wonderful educational community, with outstanding, compassionate, and dedicated staff, in a friendly and nurturing school. At GCS, people share my passion for educating young children by treating them as valued, unique individuals, and providing fun, meaningful experiences in a supportive learning environment. Outside of GCS, above all, I put family first! My husband and I are proud parents of three amazing (adult) children, with whom we do many activities together, including hiking with our dogs, camping, canoeing, fixing up an old farmhouse, gardening, and just enjoying nature in all its beauty. I am also Assistant Director of the Townsend Summer Recreation Program because I thoroughly enjoy working with and celebrating kids!

I have been teaching children at GCS for many wonderful years, with passion, excitement, and love. Making a difference in the lives of young children through play, reading aloud, art, music, and literacy is the greatest of accomplishments, and all I have ever wanted to do. I am a writer, looking at all that happens with young children, and putting those moments into stories so that others can both learn and enjoy.

All three of my sons attended GCS, and when my youngest began attending in 1996, I joined the staff as a Substitute Teacher, became an Assistant the next school year, and became a Head Teacher in 2009. I wanted to be a part of the GCS "family" that helped nurture and inspire learning in my sons, and I want to share my own passions to inspire children to learn about their world. I love all things "nature", and teaching children to follow their sense of wonder, be kind to others and grow in a happy environment.

After owning my own school in Leominster for 16 years, I was more interested in the teaching aspect rather than administration, and have been a GCS Pre-K teacher ever since. I thoroughly enjoy the people I work with at Groton Community School. Outside of school, family means everything to me, and we all spend a lot of time together. I especially love being a grandmother. I am a teacher who enjoys exploring with, encouraging, and sharing the natural world with children and families at Groton Community School. I am inspired by the world around us (through my walks in the woods with my two dogs and passion for kayaking local rivers). I wanted to be a part of the GCS community as I appreciate their philosophy and dedication to interacting with each child as a unique individual, and the opportunity to work together with an amazing group of staff to achieve the best for each child and their family. I am passionate about opportunities to support whole body and brain wellness and learning.

Patty Barr

Creative Movement Instructor

With GCS since 1997

I am an active person and feel sharing the value of exercise and movement with others makes everyone healthy and happier. I love sharing my passion with GCS as Director of Imagimotion Kidz. All children are born with a creative potential, but the critical years for stimulating and developing creativity are between the ages of three to five. Through movement, children have the opportunity to imagine, explore, discover, and maximize their potential.

Sarah Belcher, M.S., CCC-SLP

Speech and Language Development Consultant

With GCS since 2015

Board of Directors Vice President and Current GCS Parent

I live in Littleton with my husband, daughter (GCS alumna) and son (who currently attends). Groton Community School is a "home away from home" for my children, so it was important to me that I become more involved in the GCS community by joining the Board of Directors. Before my current role, I served as Fundraising Co-Chair. I enjoy helping children and their families through my professional work as a private Pediatric Speech-Language Pathologist, and also as a Speech and Language Development Consultant at the school.

I have had the distinct pleasure of partnering with GCS to develop a uniquely consultative role that serves children in the classroom and staff with lunchtime trainings on a bimonthly basis. My son joined me at GCS as a toddler, preschool, and kindergarten student. I am so proud to be part of this innovative program and work with such a dedicated, knowledgeable staff and administration. When not at GCS, I spend my time running an OT consulting business, serving as an Instructor in the OTA program at NSCC, and lecturing. I am a proud mother of two and dog lover.

**Katy Noise
Kindergarten Class French Instructor**

With GCS since 2013

I love working at GCS because of the warm, supportive and caring atmosphere created by the staff, and because of the wonderful, curious and interested students. I have had several professions, but teaching has been by far the most fulfilling. Teaching at GCS is a rewarding experience!
