

The Groton Community School Scholarship In Memory of Christopher Barton

Groton Community School is proud to sponsor an annual scholarship which will be awarded to a graduating high school senior who is one of our Groton Community School alumni. The scholarship is in memory of Christopher Barton, the son of Daniel and Alisa Barton. In his work as a Groton Community School Board of Trustees President, Dan's vision and inspiration has been instrumental in paving the way for the future of our school. Alisa has shaped the future of many children in our community as a talented Teacher in the Groton Dunstable Regional School District. Their son Christopher was a personable and brilliant young man, whose important work in cancer research has guided future research and improved the lives of many. The award recipient will exemplify Christopher's qualities of scientific inquiry and achievement in math, with interest in STEM (Science, Technology, Engineering, and Math) related pursuits, and desire to make a difference in the lives of others.

Christopher Barton (1991-2015)

Christopher was a brilliant young man from Groton, with a passion for his work as a research assistant at Brigham & Women's Hospital in Boston at the Channing Laboratory on cancer research. His interest and achievements in scientific inquiry and math were highlighted through his degree from UMass Lowell summa cum laude in molecular biology with a minor in analytical chemistry and applied mathematics. It is no surprise that a biologist would have a natural love of nature and the ocean in particular. Christopher especially enjoyed time spent on the beaches of Long Island, Maine, walking around Boston, and in Newburyport. His love of learning made him an inspired substitute teacher and tutor. His generosity of spirit through his meaningful work at the hospital and desire to help others enriched countless lives. Christopher loved exercise, music, coffee, and being with friends and family.

We are extremely grateful to Christopher's father, Daniel Barton, for his vision and inspiration in paving the way for the future of early education and Groton Community School, as our Board of Trustees President. His leadership, insight, and creativity have been instrumental in our Forward Motion Project to expand our school, and his extraordinary kindness, dedication, and commitment to GCS are deeply appreciated. In honoring Christopher, we would also like to honor his mother, Alisa Barton, for her hard work and devotion to shaping the future of children as a Teacher in Groton. Christopher and Alisa found joy in their time spent working together in the Groton Dunstable Regional School District.

We are delighted to award a Groton Community School Scholarship in Memory of Christopher Barton to an alumnus/alumna with a passion for STEM related pursuits, a strong work ethic, and the desire to make a difference in the lives of others.
