

Building and Growing Our Future Together

Forward Motion Insider Update - June 11, 2019

Dear Insider,

As Moliere once wrote, "*The trees that are slow to grow bear the best fruit.*" These words seem a fitting introduction to this update about the status of our **Forward Motion Project**.

As you may know, in order to begin construction on our project to renovate and expand the building at our current location, we have been exploring possible temporary relocation sites for our program for the 2019-20 school year. After investigating several different options for accomplishing this, we are very pleased to announce our plan to move our program a short distance down the street to the former Country Day School, now owned by Lawrence Academy.

We are deeply grateful to our neighbor, Lawrence Academy, for their willingness to share this space with GCS for the coming school year. In preparation for this move, we have signed a lease and carefully developed plans to modify the space over the summer, so that it will meet our needs and enable us to uphold our high standards of excellence in early childhood education.

We are excited about this progress and want to thank you again for your support in helping us further the goals of **Forward Motion**. It's also important to note that fundraising is still of vital importance in making our dream a reality for Groton Community School. With that in mind, we ask that you please continue to both spread the word about -- and foster financial support for -- **Forward Motion** in order to fully achieve our funding goals.

We look forward to sharing more details about the project in the coming weeks – please stay tuned! In the meantime, we wish you and your family a wonderful start to summer.

Sincerely,

Debbie MacDonald, Co-chair Forward Motion Campaign
