Applewild School | <https://www.applewild.org>

Founded in 1957, Applewild School is an independent, co-ed junior boarding (grades 5–9) and day school (preschool–grade 9) with two campuses located in Fitchburg and Devens, Massachusetts. At Applewild, we believe that the ages of four to fifteen are the most important in a child's education, the foundation upon which all future success is built. We empower students to discover their passion for learning and pursue excellence in academics, arts, and athletics in our supportive environment. The Core Values and Competencies we promote and the relationships we foster among all members of our diverse community prepare our students to be confident learners and engaged citizens.

The Expressive Artist | <https://www.etsy.com/shop/TheExpressiveArtist>

I'm an artist who specializes in many mediums. I changed career paths from teacher to business owner, as of two years ago. I create environmentally sustainable pieces. I began creating art with the hopes of making an environmental impact, while simultaneously giving people joy with my pieces! I am a huge environmental and animal enthusiast. I currently donate animal silhouettes to Buddy Dog Humane Society, Inc. to promote adoption. A goal of mine is to one day donate a percentage of my profits to ocean conservation.
